# About us

First established in 1991, Showfront display cabinets and shelving solutions are known throughout Australia for their style, elegance, flexibility and durability. No other display company offers the same level of quality, experience and expertise.

## Australian Made, Owned & Operated

All Showfront cabinets are hand-crafted right here in Australia at our manufacturing plant in Melbourne. When you buy Showfront cabinets, you're buying top quality cabinets with a superb finish and excellent service from our expert staff. You're also supporting Aussie jobs in the local economy. Showfront is 100% Australian owned.

## Premium Quality

Elegant, stylish and built to last, Showfront offers unrivalled quality and first class solutions. Compare the difference for yourself – visit a Showfront Showroom in Melbourne, Sydney or Brisbane to see why.

## Flexible, Scalable Solutions

Tailoring solutions to both individual store owners and retail chains alike, Showfront shop fittings and retail display solutions can be tailored to suit any purpose or budget including roll outs on a national scale.

## Why choose us?

### Unbeatable Value

Showfront simply outshines the competition when it comes to value for money. The scale of Showfront operations delivers significant cost-advantages without compromising its top of the range quality. We'll beat any written quote with like-for-like cabinet specifications by 10%. Guaranteed.

### Experience & Expertise

With three decades of consulting to retailers, museums, schools, collectors and government organisations behind us, the Showfront team has seen and done it all before. When it comes to quality solutions, there is simply no substitute for experience.

Retail Displays Done Your Way

## Display Cabinets

### Original Solutions

Our specialist team of design consultants provides market-leading expertise and prides itself on the originality of its solutions. For retailers, wholesalers, distributors and visual merchandisers looking for something extra special and a little bit different, ask us about custom-building a display cabinet for your specific needs.

### Eco Friendly LED Lighting as Standard

#### LED Spot Lighting

Showfront display cases offer a superb range of styles, colours, additional storage, security and mobility features, toughened or laminated glass and adjustable shelving. All Showfront display cabinets come with cool, eco-friendly LED lighting as standard.

#### Consealed LED Strip lighting with Diffuser

Showfront offers its own unique consealed LED strip solution to illuminate your display with maximum effect. LED strips are adaptable to many different applications keeping all mounting screws and wiring completely hidden.

*I couldn't be happier. The guys at Showfront did an amazing job. They were friendly, professional, easy to deal with and the showcases make my instruments look fantastic! It gives my music store a real edge with its visual appeal.*

RETAILERS

## Shelving Innovation

### Custom Shelving & Racking

Our in-house team of design specialists and engineers can create a shelving solution or an entire retail shelving system for independent retailers or retail chains alike. From concept to production, we make the process easy and hassle-free. Showfront can custom make any metal shelving or storage racking system. We design, engineer and build it to suit your requirements.

### MR41 Shelving System

This system is tough and strong and can hold the heaviest of weights. The MR41 is backed up with heavy duty metal punch board (also known as volcano board), in easy to install sections. Two widths are available, 914mm or 1200mm. We have many extras to suit the core system to enhance your merchandising. Items such as tool holders, straight and cranked arms as well as various sizes in hooks and display beams.

### Ample Flexibility

Offering ample flexibility, our adjustable, metal shelving gondolas include single-sided and double-sided units and are ideal for convenience stores and smaller retailers. We can also customise for larger retail chains and supermarkets.

Showfront offers a heavy duty retail shelving and racking solution incorporating re-enforced metal shelves, heavy duty brackets and box slotted posts.

Custom-Built Kiosks For The Ultimate Retail Display

## Retail Kiosks

### Maximise visual impact

Build excitement and boost sales with a stunning kiosk from Showfront. From a single custom-designed kiosk to mass roll-outs of shopping centre kiosks on a national scale, Showfront leads the field in the custom design and manufacture of retail kiosks. When price and quality matter, ask Showfront.

### Design Expertise

Showfront's expert consultants provide invaluable advice in the kiosk design process, ensuring that the finished kiosk blends maximum visual impact with superb design functionality. Provide your own design or ask us to design a kiosk for you. Getting Showfront involved in the early stages of your kiosk design could save you thousands in lost time and effort. More expertise, more experience, *that's* Showfront.
